Book Description (annotation)..

“Ego; the balloon in a person’s head that gets very big and hot, hurting others, if one gets too selfish or angry. (It shrinks down to its normal size if we are generous and kind..)”

Second in the Oakee Doakee series, this beautifully-illustrated children’s book builds on the ‘young hero saves-the-world’ theme as Oakee Doakee learns the important lessons in life in another truly educational and enlightening journey that has just as much to offer the discerning adult reader.

From the back cover..

Oakee Doakee does it again! Here, in his second amazing adventure, little Oakee realizes that our world is full of many invisible, helpful creatures who are constantly busy keeping us safe. While playing out in his garden one windy morning, Oakee meets one of these new friends who shrinks him in order that he may come to help save the world . . . again! On this exciting journey, we discover mythical beings who have been described for ages in Indian scriptures, and many other very important but unknown friends of humanity.

Innocent, fascinating adventure for children of all ages.
